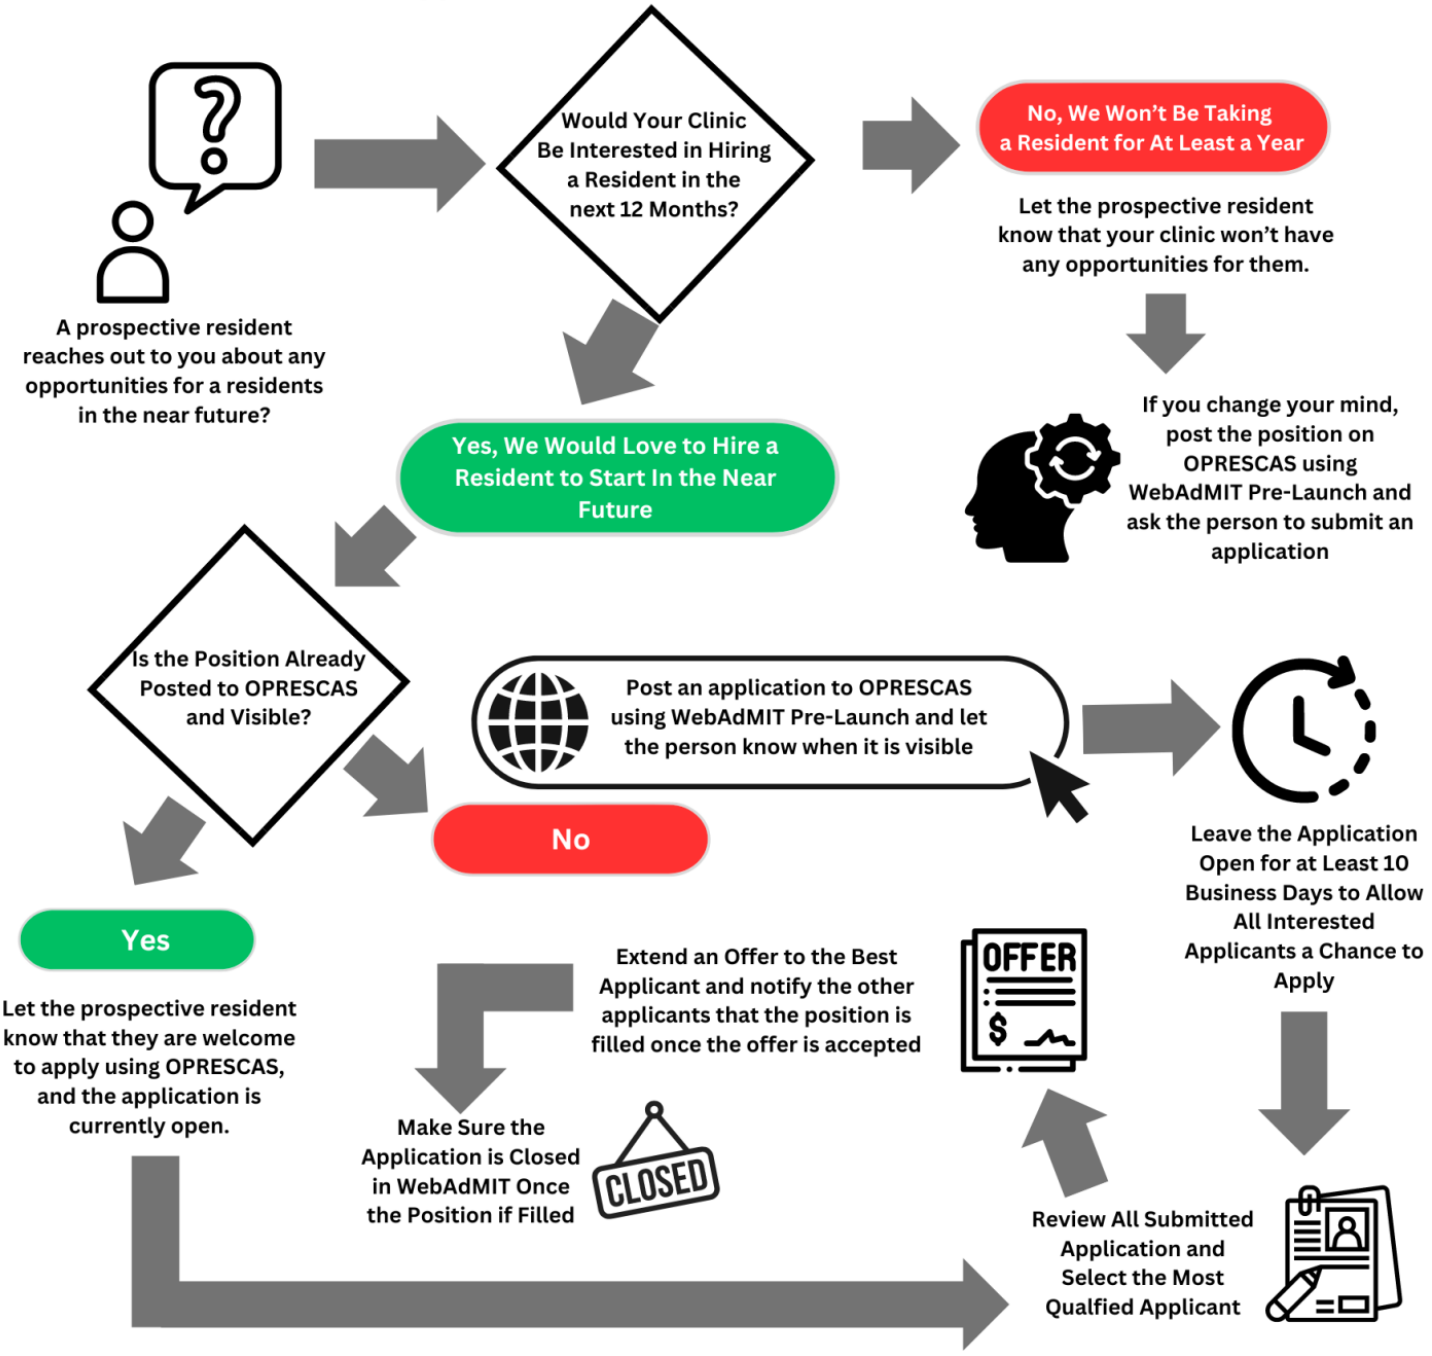
Current students and future residents know that networking and outreach can be helpful in securing a residency position, so they frequently contact residency sites listed in the NCOPE Residency Program Directory. If your site is interested in hiring a resident, please remember using the OPRESCAS system is a requirement identified within the NCOPE Residency Standards. To help residency directors and administrators know the best way to handle outreach from prospective residents, we have created a flow chart:

What Should a Residency Director Do When A Prospective Resident Asks About Opportunities at Their Clinic?



For assistance with getting an application/configuration posted please reference the NCOPE OPRESCAS Knowledge Base or contact the primary OPRESCAS team members directly.
