What Should I Tell an Applicant That Was Not Selected as a Resident for Our Clinic?

NCOPE recognizes that some residency positions can be quite competitive and that not all applicants can be awarded a position. It is important that the residency site reach out to each individual applicant that was not chosen and let them know:

"*At this time we cannot extend a residency offer to you as the position was awarded to a candidate that is a better match for our O&P residency program.*"

The OPRESCAS WebAdMIT system does not automatically email persons who are not selected or close the application if all positions are filled. To learn about how to close an open OPRECAS application please CLICK HERE.
