Inside NCOPE Tracker There is a Section Called “Compliance Overview” and I Would Like to Know What it Means?

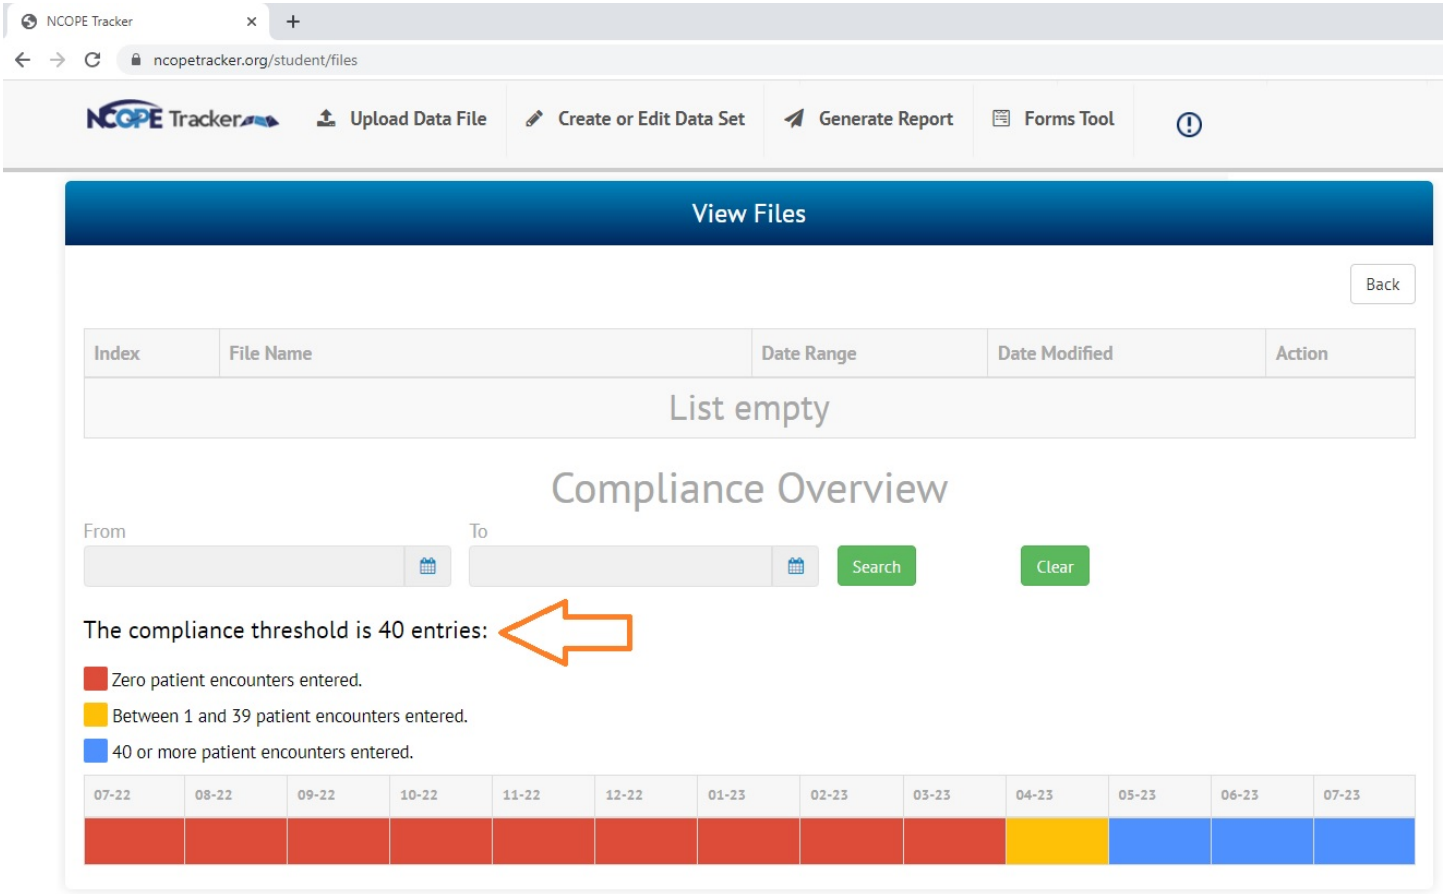

Director / Mentor Frequently Asked Questions · https://ncope.org/index.php/docs/inside-ncope-tracker-there-is-a-section-called-compliance-overview-and-i-would-like-to-know-what-it-means/

The "Compliance Overview" screen is visible to both residents and mentors/directors to quickly identify which months a resident has either:

- Not logged any cases (zero) - Shown in Red
- Logged a relatively low number of cases (1-39) - Shown in Yellow
- Logged at least 40 cases - Shown in Blue

The "compliance threshold" of 40 is a number identified by mentors/directors as a minimum number of cases they would expect to see and **this number is in now way related to the NCOPE Residency Standards or requirements.**

Residents must log all cases that they see. In most practices, residents will see quite a few more cases than 40. Prosthetic residents routinely see 80 or more cases per month, orthotic residents routinely see 100 or more cases per month, and combined O&P residents routinely see 90 or more cases per month.
