What is WebAdMIT Prelaunch?

WebAdMIT Prelaunch is the interface that O&P residency directors, mentors, and staff use to edit and post applications (configuration) to make them visible to applicants. The configuration portal within WebAdMIT Prelaunch will allow you

- Liaison Documentation: WebAdMIT Manual

Want to learn how to build and make an application for your residency program visible to O&P residency applicants? The tutorial below will provide you with the information you need.
