NCOPE/CAAHEP Accreditation Management Portal Self-Study

Submission Type and Basic Information

2) Identify the program type you wish to complete documentation for:*
   ( ) Orthotist/Prosthetist
   ( ) Technician
   ( ) Orthotist/Prosthetist Assistant
   ( ) Pedorthist

3) Identify the document you wish to complete via this tool:*
   ( ) Annual Report
   ( ) Self-Study

4) Identify the type of self-study you wish to complete:*
   ( ) Candidacy
   ( ) Initial
   ( ) Continuing

5) Identify the Sponsor Institution: *

________________________________________________________________________

6) In what year was the most recent self study completed?*

________________________________________________________________________

Self-Study Committee

8) Provide the email address for the self-study coordinator (the individual who assumes primary responsibility for the self-study document): *

________________________________________________________________________
9) How many additional members will serve on the self-study committee?

16) Self-study coordinator:

First Name*: _________________________________________________
Last Name*: _________________________________________________
Title: _________________________________________________
Institution*: _________________________________________________
Email Address*: _________________________________________________

Degrees / Certificates Held

Choose all that apply

[ ] Associates
[ ] Bachelors
[ ] Certificate (including post-baccalaureate and graduate)
[ ] Masters
[ ] Doctorate
[ ] Other - Write In (Required): _________________________________________________*

Professional Credentials Held

Choose all that apply

[ ] ABC Certified Orthotist
[ ] ABC Certified Prosthetist

I.A - Sponsoring Educational Institution

29) Select the institution type (based upon Carnegie Classification) that best describes [question('value'), id='99']:

( ) Doctoral Universities
( ) Master's Colleges and Universities
( ) Baccalaureate Colleges
( ) Baccalaureate/Associate's Colleges
( ) Associate's Colleges
( ) Special Focus Institutions

30) Identify the funding type that best describes [question("value"), id="99"]

( ) Public - State Institution
( ) Public - Federal Institution
( ) Private - Not for Profit Institution
( ) Private - For Profit Institution

31) Identify the following contact information for the Chief Executive Officer (CEO), President, or Provost at [question("value"), id="99"]:

First Name: _________________________________________________
Last Name: _________________________________________________
Title: _________________________________________________
Institution*: _________________________________________________
Street Address*: _________________________________________________
Apt/Suite/Office: _________________________________________________
City: _________________________________________________
State: _________________________________________________
Zip: _________________________________________________
Country: _________________________________________________
Email Address: _________________________________________________
Phone Number: _________________________________________________

Please note that fields that appear similar to “[question("value"), id=’56’]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
32) Does the program director at [question("value"), id="99"] report directly to the CEO / Chief Academic Officer listed above?

( ) Yes
( ) No

33) Provide the following information for the individual that the program director at [question("value"), id="99"] reports to:

First Name*: _________________________________________________
Last Name*: _________________________________________________
Title: _________________________________________________
School / Department / Center*: _________________________________________________
Email Address*: _________________________________________________

I.A - Sponsoring Educational Institution (Continued)

34) Identify the regional or national accrediting agency that awarded [question("value"), id="99"] their accreditation:

Please note that the North Central Association of Colleges and Schools (NCA-HLC) is now referred to as The Higher Learning Commission

( ) Middle States Association of Colleges and Schools (MSA), Middle States Commission on Higher Education
( ) New England Association of Schools and Colleges (NEASC-CIHE), Commission on Institutions of Higher Education
( ) New England Association of Schools and Colleges (NEASC-CTCI), Commission on Technical and Career Institutions
( ) North Central Association of Colleges and Schools (NCA-HLC), The Higher Learning Commission
( ) Northwest Commission on Colleges and Universities (NWCCU)
( ) Southern Association of Colleges and Schools (SACS), Commission on Colleges
( ) Western Association of Schools and Colleges (WASC-ACCJC), Accrediting Commission for Community and Junior Colleges
( ) Western Association of Schools and Colleges (WASC-ACSCU), Accrediting Commission for Senior Colleges and Universities National
( ) Other

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
35) Specify the regional accreditor that oversees [question("value"), id="99"]: *
_________________________________________________

36) Enter the accreditation start and end dates for the regional accreditor identified above

*If the accreditor does not provide a specific day that the accreditation cycle starts/ends, please enter January 1 for the starting date and December 31 for the ending date.

Start Date*: _________________________________________________
End Date*: _________________________________________________

37) Does [question("value"), id="99"] hold any other accreditation that directly affects the administration or delivery of the [question("value"), id="56"] program outside of CAAHEP/NCOPE and the regional accreditor identified above?

( ) Yes
( ) No

38) Provide the following information about the additional accreditation held by [question("value"), id="99"]: 

Accrediting Organization*: _________________________________________________

Accreditation Type / Name:
____________________________________________
____________________________________________
____________________________________________
____________________________________________

Accrediting Organization Website::
____________________________________________

39) Is [question("value"), id="99"] legally authorized under applicable law or other acceptable authority to provide a post-secondary program, which awards a minimum of a master's degree at the completion of the program?

( ) Yes      ( ) No

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
42) Does [question("value"), id="99"] publish a bulletin or catalog of its educational program offerings?

( ) Yes    ( ) No

43) Enter the URL for the webpage that contains the information requested above:

_________________________________________________

45) Is the [question("value"), id="56"] program listed in the catalog/bulletin referenced above?

( ) Yes    ( ) No

46) Where do prospective and current students find information about the [question("value"), id="56"] program and course offerings needed to complete it?

_______________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
I.B - Consortium

47) Is there a consortium in place at \texttt{[question("value"), id="99"]} to facilitate the delivery of the \texttt{[question("value"), id="56"]} program?*

( ) Yes    ( ) No

I: Sponsorship- B. Consortium

48) How many institutions participate in the consortium in addition to \texttt{[question("value"), id="99"]}?  *

49) Enter the name for the 1st institution participating in the consortium:

50) Enter the name for the 2nd institution participating in the consortium:

51) Enter the name for the 3rd institution participating in the consortium:

52) Enter the name for the 4th institution participating in the consortium:

Please note that fields that appear similar to \texttt{"[question("value"), id="56"]"} are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
I.B - Sponsorship - Consortium Details - Institution 1

53) Provide the following information for the first school in addition to [question("value"), id="193"] participating in the consortium:

Provide the address and phone number for the consortium sponsor:

Address 1: _________________________________________________
Address 2: _________________________________________________
City: _________________________________________________
State: _________________________________________________
Zip: _________________________________________________
Phone: _________________________________________________
CEO / Chief Academic Official: _________________________________________________

Organization Type

( ) Academic Institution
( ) Hospital or Patient Care Facility
( ) Industry Vendor / Manufacturer
( ) Federal Facility (Including VA/DOD)
( ) Other - Write In (Required): _________________________________________________*

54) Select the institution type (based upon Carnegie Classification) that best describes [question('value'), id='193']

( ) Doctoral Universities
( ) Master's Colleges and Universities
( ) Baccalaureate Colleges
( ) Baccalaureate/Associate's Colleges
( ) Associate's Colleges
( ) Special Focus Institutions

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
55) Identify the funding type that best describes [question("value"), id="193"]

( ) Public - State Institution
( ) Public - Federal Institution
( ) Private - Not for Profit Institution
( ) Private - For Profit Institution
( ) Other - Write In (Required): _________________________________________________*

57) Submit a copy of the consortium agreement in PDF format:

______________________________________________________________

**O&P Program Information**

73) Enter the following information for the [question("value"), id="56"]
at [question("value"), id="99"]:

Official Program Name: ____________________________________________
Street Address: _________________________________________________
Apt/Suite/Office: _______________________________________________
City: __________________________________________________________
State: __________________________________________________________
Zip: ___________________________________________________________
Country: _________________________________________________________
Phone Number: _________________________________________________

*Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.*
Fax Number: _________________________________________________

General Department/Program Email Address: ____________________________________________

Education Program Website: ___________________________________________________________

74) Provide a copy of an organizational chart in PDF format that demonstrates the relationship of the [question('value'), id='56'] program to the sponsor institution. Please include all levels of the university/institution including the school, department, and/or center as it relates to the [question("value"), id="99"] upper administration.

75) Is the [question("value"), id="56"] program listed on the organization chart uploaded above?

( ) Yes   ( ) No

76) Provide a narrative explanation about the [question("value"), id="56"] linking it to a school/department/center listed in the organizational chart uploaded above*

_____________________________________________________________________________________

_____________________________________________________________________________________

_____________________________________________________________________________________  

_____________________________________________________________________________________ 

77) Provide the following information about the [question("value"), id="56"] program:*  

Academic units granted / academic calendar format:  

*If you select Other, please enter the unit using a plural noun. If the summer term is different than the language used to describe the academic terms listed above, please do not select "other"; instead choose one of the terms identified above.*

( ) Quarters

( ) Trimesters

( ) Semesters

( ) Other - Write In (Required): __________________________________________________________*

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Does the format identified above adhere to the federal definition of a credit hour?*

( ) Yes  ( ) No

Does the sponsor institution have a specific amount of classroom instruction and/or out-of-class activity defined to earn the academic unit identified above?

( ) Yes  ( ) No

78) Is the [question('value'), id='56'] program cohort based?

A cohort is defined as a class of students that matriculate at the same time and progress through an academic/professional program at the same pace.*

( ) Yes  ( ) No

79) Based upon the following definitions, what delivery method best describes the [question('value'), id='56'] program at [question('value'), id='99']?

- A **Distance Education Program** is defined as the delivery of the complete program that allows the completion of the entire curriculum without the need to attend any instruction on a campus location. (Note: this delivery is not hybrid or partial e-learning delivery.)
- A Blended Learning Program (also referred to as a Hybrid Learning Program) is defined as the delivery of the program using both face-to-face and distance learning methodology.
- A Traditional Seated Program is defined as the delivery of the program using face-to-face methodology requiring the student to be physically present for didactic and laboratory based course work (Note: clinical placements can be done away from the primary education program location without being considered a blended learning program).

( ) Distance Education Program
( ) Blended Learning Program
( ) Traditional Seated Program

---

**O&P Program Information (Cont.)**

**80) Program Sequencing and Cohort Information:**

*Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.*
What is the total number of academic units (commonly referred to as credit hours at most academic institutions) required to complete the [question('value'), id='56'] program? 

How many total academic [question('value'), id='294'] must a student successfully complete in order to earn their degree/certificate?

*This number should be lower than the value entered above as students typically take multiple academic units during each of the [question('value'), id='294'] that the program is taught. Most programs require between 2 and 10 semesters/trimester/quarters/sessions.* 

What is the duration of program in months?

*If this is variable, provide an average time to complete*:

How many times per academic year do students admitted to the [question("value"), id="56"] program have the ability to begin their studies?*

How many cohorts does the program matriculate per year?*

( ) 1  ( ) 2  ( ) 3

In what month does the program typically start?*

( ) January  ( ) February  ( ) March  
( ) April  ( ) May  ( ) June  
( ) July  ( ) August  ( ) September  
( ) October  ( ) November  ( ) December

In what month does the program typically end?*

( ) January  ( ) February  ( ) March  
( ) April  ( ) May  ( ) June  
( ) July  ( ) August  ( ) September  
( ) October  ( ) November  ( ) December

What is the maximum number of students in each cohort?*

Do students have the opportunity to take elective courses?*

*Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.*
81) What financial support options are available to students enrolled in the [question('value'), id='56'] program?

Choose all that apply

[ ] Scholarships / Grants
[ ] Work-Study
[ ] Federal Loans
[ ] Private Loans
[ ] Other - Write In (Required): _________________________________________________*

O&P Program Information (Cont.)

82) Provide the following admissions information:

Does [question("value"), id="99"] participate in the OPCAS system?*

( ) Yes      ( ) No

Does [question("value"), id="99"] allow applicants to apply via a mechanism other than OPCAS? *

( ) Yes      ( ) No

Is an interview required in order to gain admission to the [question("value"), id="56"] program? *

Interviews can be performed in-person, using video conference, via a phone call or other means. Please do not select “Other” to identify the technology or means used to conduct the interview.

( ) Yes - Always required
( ) Yes - Sometimes required
( ) No
( ) Other - Write In (Required): _________________________________________________*

Is the GRE required to apply for the [question("value"), id="56"] program?*

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Is there a minimum required or recommended combined Verbal/Quantitative GRE score defined? *

( ) Yes  ( ) No

What value is the minimum required or recommended combined verbal and quantitative GRE score?: _________________________________________________

What type of admission model is utilized by the [question("value"), id="56"] program?*

( ) Fixed deadline
( ) Rolling admissions
( ) Other - Write In (Required): _________________________________________________ *

Enter the final day that applications were accepted for the [question("value"), id="56"] program during the [question("value"), id="1111"] academic year*:
_________________________________________________

Enter the final day that applications were accepted for the [question("value"), id="56"] program during the most recently completed academic year*:
_________________________________________________

83) Provide the web address where applicants can find information regarding the admission process at [question('value'), id='99']

If all information posted is via the OPCAS portal, please enter: https://opcas.liaisoncas.com/
_________________________________________________

84) Provide the following information about student financial responsibilities:

Is in-state tuition or discount tuition offered for residents of [question("value"), id="65"]?*

( ) Yes
( ) No
( ) Other - Write In (Required): _________________________________________________ *

Enter the Full/Out-of-State tuition and other required expenses associated with attendance of the [question('value'), id='56'] program for the entire duration of the program. Enter a 0 if students enrolled in the program are not charged any fees for that category. Only

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
whole numbers should be entered in the fields below.
*

If the program requires students complete coursework at any institution besides the sponsor (as is typical via a consortium) in order to complete a CAAHEP education, please combine the tuition and fees across all institutions.

<table>
<thead>
<tr>
<th></th>

</table>

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
85) Provide the web address where applicants can find information regarding student financial responsibilities at [question('value'), id='99']

If a publicly accessible website is not available, you may leave the field below blank
Distance Education and Blended Learning

This page is only provided for programs leveraging Distance Education and Blended Learning Format

87) For the [question("value"), id="318"] months the program runs, how many total months is the content delivered using an online or distance learning format?

_________________________________________________

88) For how many months during the [question("value"), id="56"] program, must students live on or near campus?

_________________________________________________

89) What percentage of the total program based upon time spent in learning activities is delivered using an online or distance learning format?

_________________________________________________

90) For online and distance learning content, what percentage of that material is delivered synchronous (live) versus asynchronous?

There is no need to enter a "%" symbol. Only enter whole numbers in the spaces below

_________Synchronous

_________Asynchronous

_________________________________________________
Technology Requirements

91) Provide the web address where applicants can find information regarding technology requirements to participate in the [question("value"), id="56"] at [question("value"), id="99"]

_________________________________________________

92) Identify the primary learning management system (LMS) implemented for the [question('value'), id='56'] program.

Examples: Canvas LMS, Blackboard, Angel, LearnDash

_________________________________________________

93) Identify any other email / office and collaboration tools required to deliver and/or participate in the [question("value"), id="56"] program

______________________________________________
______________________________________________
______________________________________________
______________________________________________

94) Are students provided by the sponsor institution an iPad/Tablet, Laptop/Desktop, or other technology tool in order to complete the [question("value"), id="56"] program?*

 ( ) Yes   ( ) No

95) Describe the technology resources that are provided by the sponsor institution in order to complete the [question("value"), id="56"] program.

_________________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
II. Program Goals

100) Identify how you would like to provide the program objectives including a statement of the program's overall educational objectives and competencies needed for graduation

( ) Directly entering the text using the text box
( ) Providing a website link to a publicly accessible website
( ) Uploading documentation via a PDF file

101) Enter the program objectives using the space provided below:

____________________________________________
____________________________________________
____________________________________________
____________________________________________

102) Enter the URL for the web page that contains the program objectives:

_________________________________________________

103) Upload the file that contains the [question("value"), id="56"] program objectives in PDF format. If you have multiple files, please combine them into a single PDF.

You may enter a comment about the file uploaded should you feel it would be beneficial to the review team members or NCOPE staff.

________

II.B - Appropriateness of Goals and Learning Domains

104) Identify the number of advisory panel members currently serving the [question("value"), id="56"] program at [question("value"), id="99"]:

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
105) The advisory committee requires that it contain a variety of members from the communities of interest served by the [question("value"), id="56"] program. Identify all of the communities of interest represented on the advisory committee by selecting the appropriate checkboxes.

- [ ] Current Students
- [ ] Graduates
- [ ] Faculty Members
- [ ] [question("value"), id="99"] Administration
- [ ] Employers
- [ ] Physicians
- [ ] Other Allied Health Professionals
- [ ] The Public at Large
- [ ] Past or Current Orthotic & Prosthetic Patients
- [ ] Other - Write In (Required): __________________________________________________________________________ *

106) Identify the frequency that the advisory committee for the [question("value"), id="56"] at [question("value"), id="99"] convenes per year:

- ( ) Annually
- ( ) Biannually
- ( ) Quarterly
- ( ) Other - Write In (Required): __________________________________________________________________________ *

119) Upload the advisory panel meeting minutes in PDF format for each meeting that has taken place since submission of the [question('value'), id='3600'] self-study.

You will need to select the "Browse..." button below once for each set of minutes being uploaded. Up to 10 separate meeting minutes documents can be uploaded. If more than 10 meetings have occurred, please upload the 10 most recent meetings.

II.C - Minimum Expectations

120) Does the program at [question('value'), id='99'] have a clearly defined minimum expectation of: "To prepare a competent [question('value'), id='56'] entry-level in the cognitive (knowledge), psychomotor (skills), and affective (behavioral) learning"
121) Explain how the program defines the minimum expectations of the graduate and what aspects of the self-study will articulate the minimum expectations for the [question("value"), id="56"] program.

____________________________________________
____________________________________________

III.A - Resources - Physical

133) Has there been a change in the amount or adequacy of physical resources utilized to execute the [question("value"), id="56"] program at [question("value"), id="99"] since the previous annual report was completed? *

( ) Yes  ( ) No

134) Describe the resource changes that have occurred since the previous self-study in the space below*

____________________________________________
____________________________________________
____________________________________________
____________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
135) For each major category of teaching space potentially used to deliver the curriculum, identify the number of physical rooms dedicated to the [question('value'), id='56'] program and total square footage for the category

For example, if a school has 3 separate lecture halls each 1050 sq feet in total space, you would enter "3150 " the appropriate fields under the the column titled "Square Footage"

If a room can be used for multiple categories of learning activity, please identify the category that the room is most commonly used for. If any rooms were identified as "Other" please append the additional information into the comment box at the bottom of this question.

<table>
<thead>
<tr>
<th>Number of Rooms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture Space</td>
</tr>
<tr>
<td>Clinical Laboratory (For fittings, assessment, and non-manufacturing activities)</td>
</tr>
<tr>
<td>Manufacturing Space (For mold rectification, thermoforming, lamination trimming/buffing/finishing, and other fabrication activities)</td>
</tr>
<tr>
<td>Other</td>
</tr>
</tbody>
</table>

Comments:

136) For each major category of teaching space potentially used to deliver the curriculum at the consortium institution(s) please identify the number of physical rooms dedicated to the [question('value'), id='56'] program and total square footage for the category. If there is more than 1 institution besides the sponsor institution, please aggregate the data using the fields below.

For example, if a school has 3 separate lecture halls each 1050 sq feet in total space, you would enter "3150 " the appropriate fields under the the column titled "Square Footage"
If a room can be used for multiple categories of learning activity, please identify the category that the room is most commonly used for. If any rooms were identified as "Other" please append the additional information into the comment box at the bottom of this question.

<table>
<thead>
<tr>
<th>Number of Rooms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture Space</td>
</tr>
<tr>
<td>Clinical Laboratory (For fittings, assessment, and non-manufacturing activities)</td>
</tr>
<tr>
<td>Manufacturing Space (For mold rectification, thermoforming, lamination trimming/buffing/finishing, and other fabrication activities)</td>
</tr>
<tr>
<td>Other</td>
</tr>
</tbody>
</table>

Comments:

137) For each commonly used manufacturing resource, identify how of each resource are routinely available to the students and faculty enrolled in the program. If these resources are spread across multiple locations, please report the aggregate number across all locations.

Mold Filling (Sandbox) Area(s): 

Workstations with Pipe Vice for Mold Rectification: 

Ovens: 

Thermoforming Stations: 

Milmo Transfer/Alignment Fixtures: 

Lamination Stands/Stations: 

High Speed Routers (ex: Trautman): 

Belt Sanders:

Please note that fields that appear similar to "[question("value"), id="56"]" are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Band/Table/Panel Saws: _________________________________________________
Sewing Machines: _________________________________________________
Multi-Purpose Finishing Tools (Sutton):
________________________________________________________________
Disc Sanders: _________________________________________________
Drum Sanders (Single or Dual Drum Design):
________________________________________________________________

138) Upload any supporting document you would like to share that demonstrate the adequacy of the physical resources available in PDF Format. JPG and PNG formats may be used to submit pictures of the physical resources.

Provide a description of what is being provided using the provided comment box. To upload more than one file, please click the “Browse...” button once for each file you wish to submit. Up to 10 files may be submitted.

III.A - Resources - Ancillary Student

139) Identify the resources available to students attending the program provided by the following institution:

If a consortium is in place, only identify the resources available via the sponsor institution

[ ] Student Handbook
[ ] Office of Financial Aid
[ ] Student Health Services
[ ] Academic Advising
[ ] Counseling and Support Services
[ ] On Campus Childcare
[ ] On Campus Student Housing
[ ] Career Planning and Counseling

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
141) Provide a brief narrative describing what ancillary student services are available at the following consortium institutions: [question("value"), id="1643"]*

____________________________________________
____________________________________________

Course Number: _________________________________________________
Course Title: _________________________________________________
Primary Instructor

*Suggested faculty member names will be suggested based upon information housed within NCOPE's database, but you may enter additional names as necessary*:

_______________________________

Please note that fields that appear similar to “{question("value"), id="56"}” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Syllabus / Course Document Upload

302) NCOPE recognizes that institutions often have specific requirements for syllabi that may not include some of the elements self-study reviewers and site-visitors are seeking. Please check each item that is included in all course syllabi. *

[ ] Learning Objectives
[ ] Primary Instructor
[ ] Contributing Faculty
[ ] Grading Scale
[ ] Weighting of Assignments
[ ] Learning Activity Formats (Lectures, Laboratories, Written Assignments, Readings)
[ ] Description of topic/activities by week OR by course session
[ ] Student Feedback from Previous Offerings
[ ] Changes Made since Last Offered

303) First academic session file upload

This page is repeated once for each academic term

You will be prompted below for requested information not included in the syllabi

Please note that fields that appear similar to "[question("value"), id="56"]" are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
IV. Student and Graduate Evaluation/Assessment - Student Evaluation

323) Identify if policies & procedures / guidelines relevant to the following topics are implemented for the [question("value"), id="56"] program at [question("value"), id="99"]

<table>
<thead>
<tr>
<th>Topic</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grading Scale</td>
<td>(</td>
<td></td>
</tr>
<tr>
<td>Student Feedback (including time frame for grading and the ability to identify specific areas where improvement may be needed)</td>
<td>(</td>
<td></td>
</tr>
<tr>
<td>The integration of formative and summative assessments throughout the curriculum</td>
<td>(</td>
<td></td>
</tr>
<tr>
<td>Rubric for Custom Fit Clinical Projects (Reference Appendix B - Standard C.9.2)</td>
<td>(</td>
<td></td>
</tr>
<tr>
<td>Rubric for Custom Fabricated Clinical Projects (Reference Appendix B - Standard C.9.3)</td>
<td>(</td>
<td></td>
</tr>
</tbody>
</table>

324) Upload copies of the policy & procedure documents / guidelines in addition to examples that demonstrate compliance with areas identified above using PDF file format. You may upload up to 10 documents.

If you would like to append any additional information not contained within the uploaded documents, please do so using the comments field below.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
IV. Student and Graduate Evaluation/Assessment - Student Evaluation (Cont.)

For each clinical course listed on the left-hand side, enter a whole number reflecting the percentage of the overall course grade for each activity listed at the top of each column. If the activity at the top of a column is delivered as a pass/fail activity or not part of the course, please enter 0 (zero) into the corresponding field.

You may enter comments at the bottom of the matrix should you wish to offer additional insight to the reviewers on the data provided.

<table>
<thead>
<tr>
<th>Clinical Fittings</th>
<th>Quizzes/Tests (Closed Book)</th>
<th>Quizzes/Tests (Open Book)</th>
<th>Written Assignments</th>
<th>Case Studies / Problem Based Learning</th>
<th>Other</th>
</tr>
</thead>
</table>

Comments:

For each technical course listed on the left-hand side, enter a whole number reflecting the percentage of the overall course grade for each activity listed at the top of each column. If the activity at the top of a column is delivered as a pass/fail activity or not part of the course, please enter 0 (zero) into the corresponding field.

You may enter comments at the bottom of the matrix should you wish to offer additional insight to the reviewers on the data provided.

<table>
<thead>
<tr>
<th>Technical Fabrication</th>
<th>Technical Repair / Adjustment</th>
<th>Quizzes/Tests (Closed Book)</th>
<th>Quizzes/Tests (Open Book)</th>
<th>Written Assignments</th>
<th>Case Studies / Problem Based Learning</th>
<th>Other</th>
</tr>
</thead>
</table>

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
IV. Student and Graduate Evaluation and Assessment - Outcomes Assessment

327) First Year Student Enrollment & Retention

Please complete the following fields for the cohort that matriculated during the [question('value'), id='1111'] academic year

Enrollment Date*: _________________________________________________
"On-time" Graduation Date*: _________________________________________________
Number of applicants*: _________________________________________________
Number of students initially enrolled*:

_________________________________________________

Number of students added to the 1st year cohort after the enrollment date listed above*:

_________________________________________________

Number of 1st year students that did not complete the [question("value"), id="1111"] academic year*: _________________________________________________

The number of applicants that applied outside of the OPRESCAS system*:

_________________________________________________

328) Second Year Student Enrollment & Retention

Please complete the following fields for the students enrolled in their 2nd year during the [question('value'), id='1111'] academic year

Initial Enrollment Date*: _________________________________________________
"On-time" Graduation Date*: _________________________________________________
Number of applicants*: _________________________________________________
Number of students initially enrolled*:

_________________________________________________

Number of students added to the 1st year cohort after the enrollment date listed above*:

_________________________________________________

Number of 2nd year students that did not complete the [question("value"), id="1111"] academic year*: _________________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
329) Third Year Student Enrollment & Retention

Please complete the following fields for the students enrolled in their 3rd year during the [question('value'), id='1111'] academic year

Initial Enrollment Date*: _________________________________________________

"On-time" Graduation Date*: _________________________________________________

Number of applicants*: ________________________________

Number of students initially enrolled*:

Number of students added to the 3rd year cohort after the enrollment date listed above*:

Number of 3rd year students that did not complete the [question("value"), id="1111"] academic year*: _________________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Attrition Information

330) 1st Year Student Attrition

On the previous page you have identified that [question('value'), id='1210'] students did not complete the [question('value'), id='1111'] academic year. For each reason listed below, enter the number of students who did not complete the academic year.

[ ] Non-Academic Reasons
[ ] Failure to Pass Coursework
[ ] Failure to Maintain Minimum Aggregate GPA
[ ] Other

Comments:

331) 2nd Year Student Attrition

On the previous page you have identified that [question('value'), id='1217'] students did not complete the [question('value'), id='1111'] academic year. For each reason listed below, enter the number of students who did not complete the academic year.

[ ] Non-Academic Reasons
[ ] Failure to Pass Coursework
[ ] Failure to Maintain Minimum Aggregate GPA
[ ] Other

Comments:

332) 3rd Year Student Attrition

On the previous page you have identified that [question('value'), id='1224'] students did not complete the [question('value'), id='1111'] academic year. For each reason listed below, enter the number of students who did not complete the academic year.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Non-Academic Reasons

Failure to Pass Coursework

Failure to Maintain Minimum Aggregate GPA

Other

Comments:
Positive Placement Data

333) Provide the following information for the cohort that graduated during the [question("value"), id="1111"] academic year

Total Number of Graduates*: _________________________________________________

Total Number of Graduates that attained "Positive Placement" within 6 months of graduation*:

_________________________________________________

Total number of graduates that did not attain positive placement within 6 months of graduation (including individuals who failed to follow-up)*:

_________________________________________________

Comments:

334) Provide the following information for the cohort that graduated during the 2016-2017 academic year

This information is being requested due to the annual reporting tool not being available during the previous year. In the future, you will only be prompted to report positive placement data for a single cohort

Total Number of Graduates*: _________________________________________________

Total Number of Graduates that attained "Positive Placement" within 6 months of graduation*:

_________________________________________________

Total number of graduates that did not attain positive placement within 6 months of graduation (including individuals who failed to follow-up)*:

_________________________________________________

Comments:

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Self-Study Student/Graduate Outcomes

335) Identify all academic years that have been completed since the previous self-study was submitted*

[ ] 2011-2012
[ ] 2012-2013
[ ] 2013-2014
[ ] 2014-2015
[ ] 2015-2016
[ ] 2016-2017
[ ] 2017-2018
[ ] 2018-2019
[ ] 2019-2020
[ ] 2021-2022
[ ] 2022-2023
[ ] 2023-2024

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Self-Study Student/Graduate Outcomes (Continued)

336) Enter the requested outcome data for the students that should have graduated in the academic year(s) listed below. Only enter whole numbers into each field.

"# of students enrolled on the 1st day of class" pertains to the initial [question('value'), id='294'] of the [question('value'), id='56'] program for the cohort listed at the top of the column

"On-time Graduation %" refers to the percentage of students who completed their program of student within the typical program duration of [question('value'), id='318'] months

“Positive placement” means that the graduate is employed full or part-time in a related field; and/or continuing his/her education; and/or serving in the military

<table>
<thead>
<tr>

### ABC Board Exam Performance - Technician - Annual Report

354) ABC Orthotic Technician Written Exam

Only enter data for your specific institution using whole numbers. You do not need to report aggregate data across all accredited O&P programs.

*Please note that fields that appear similar to ‘[question("value"), id="56"]’ are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.*
Exam performance information is provided annually by ABC during the summer. Please use the report that was provided during the [question('value'), id='1111'] academic year.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Graduate & Employer Satisfaction Surveys

356) Provide the following information about the graduate surveys administered during the [question('value'), id='1111'] academic year

How many surveys were sent out to graduates during the academic year list above? *
_________________________________________________

How many surveys were returned by graduates during the academic year? *
_________________________________________________

Which format(s) were used to distributing the graduate surveys?

Choose all that apply*

[ ] Paper-based (physically provided to the graduate)
[ ] Electronic (using a web-based or kiosk based system)
[ ] Other - Write In (Required): _________________________________________________ *

Was a Likert scale or numeric scale used for the majority of responses related to the cognitive, psychomotor, and affective domains? *

( ) Yes
( ) No

How many different options was the graduate able to choose from with the likert or numeric scale? *
_________________________________________________

Enter the first option (including any description provided to the person completing the survey) that reflects the lowest possible rating*:
_________________________________________________

Enter the second option (including any description provided to the person completing the survey)*:
_________________________________________________

Enter the third option (including any description provided to the person completing the survey)*:
_________________________________________________

Enter the fourth option (including any description provided to the person completing the survey)*:
_________________________________________________

Enter the fifth option (including any description provided to the person completing the survey) :
_________________________________________________

Enter the sixth option (including any description provided to the person completing the survey)*:
_________________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Enter the seventh option (including any description provided to the person completing the survey)*: ________________________________________________

357) Provide the following information about the employer surveys administered during the [question('value'), id='1111'] academic year

How many surveys were sent out to employers during the academic year list above?*:
_________________________________________________

How many surveys were returned by employers during the academic year? *:
_________________________________________________

Which format(s) were used to distributing the employer surveys?

*Choose all that apply*

[ ] Paper-based (physically provided to the graduate)
[ ] Electronic (using a web-based or kiosk based system)
[ ] Other - Write In (Required): ________________________________________________ *

Was the same Likert scale used for the employers surveys as the graduate surveys?*

( ) Yes
( ) No

358) Upload a copy of the blank survey instrument provided to graduates in PDF format. Please note that this tool can only accept files up to 10mb in size. You may need to compress the PDF depending on formatting.

_______1

359) Upload a copy of the blank survey instrument provided to employers in PDF format. Please note that this tool can only accept files up to 10mb in size. You may need to compress the PDF depending on formatting.

_______1

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
V - Fair Practices

385) Where do students access the academic calendar for the [question('value'), id='56'] program at [question('value'), id='99']?

Choose all that apply

[ ] Online via a public calendar
[ ] Online via a private calendar
[ ] Paper-based calendar
[ ] Other - Write In (Required): _________________________________________________ *

386) Provide a link to the public online academic calendar in the blank below

__________________________________________________

388) Where do students access the student grievance procedures for the [question('value'), id='56'] program at [question('value'), id='99']?

Choose all that apply

[ ] Online via a public website
[ ] Online via a private website
[ ] Paper-based documentation
[ ] Other - Write In (Required): _________________________________________________ *

389) Provide a link to the public online student grievance procedures in the blank below

__________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
390) Upload a PDF version of the student grievance procedure identified above

391) Where do students access the non-discrimination procedures for the [question('value'), id='56'] program at [question('value'), id='99']?

Choose all that apply

[ ] Online via a public website
[ ] Online via a private website
[ ] Paper-based documentation
[ ] Other - Write In (Required): ___________________________________________ *

392) Provide a link to the public online non-discrimination procedures in the blank below

_________________________________________________

393) Upload a PDF version of the non-discrimination procedures referenced above

394) Upload a PDF version of the admissions and selection policy in addition to any other documentation used by the selection committee (including scoring rubrics). You may upload up to 5 PDF documents.

395) Upload a PDF version of the student record keeping policy in addition to any other documentation that supports appropriate record keeping standards are in place and compliant with relevant laws (such as FERPA). You may upload up to 5 PDF documents.

396) Upload a PDF version of any formal agreements that are in place for the execution of clinical placements or teaching offsite. You may need to combine multiple PDF documents into a single document if your institution has a large number of agreements in place. You may upload up to 10 separate PDF documents.

Please note that fields that appear similar to "[question("value"), id="56"]" are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Core Curriculum Guide (Appendix B) - Orthotist / Prosthetist

Please reference the Appendix B version that matches your desired program type. When completing this form using the self-study tool, only a single program type will be presented.

399) Identify which of the following courses deliver content that enables compliance with the Entry-Level Competencies listed in Appendix B - Sections A.1-A.11

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

400) Identify which of the following courses deliver content that enables compliance with the General Content Areas listed in Appendix B - Sections B.1-B.6

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

401) Identify which of the following courses deliver content that enables compliance with the Foundational Content Areas listed in Appendix B - Sections C.1.0-C.1.20

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

402) Identify which of the following courses deliver content that enables compliance with the Patient Assessment (Including Pathologies) listed in Appendix B - Sections C.2.0-C.2.7.11

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

Please note that fields that appear similar to “[question("value"], id="56")” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

403) Identify which of the following courses deliver content that enables compliance with the Formulation listed in Appendix B - Sections C.3.0-C.4.2

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

404) Identify which of the following courses deliver content that enables compliance with the Implementation listed in Appendix B - Sections C.4.0-C.4.3

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

405) Copy of Identify which of the following courses deliver content that enables compliance with the Follow-up listed in Appendix B - Sections C.5.0-C.5.3

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

406) Identify which of the following courses deliver content that enables compliance with the Practice Management listed in Appendix B - Sections C.6.0-C.6.6

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
407) Identify which of the following courses deliver content that enables compliance with the Professional and Personal Development listed in Appendix B - Sections C.7.0-C.7.6

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

408) Identify which of the following courses deliver content that enables compliance with the Experience in a Patient Care Setting listed in Appendix B - Sections C.8.0-C.8.6

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

409) Identify which of the following courses deliver content that enables compliance with the Comprehension and Evaluation section listed in Appendix B - Sections C.9.1 for Upper Limb, Lower Limb, Spinal/Cranial Orthoses. You will be prompted for information about C.9.1 with regard to upper and lower limb prostheses in the next question.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

410) Identify which of the following courses deliver content that enables compliance with the Comprehension and Evaluation section listed in Appendix B - Sections C.9.1 for Upper Limb and Lower Limb Prostheses. You were already prompted for information about C.9.1 with regard to orthoses in the previous question.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
411) Identify which of the following courses deliver content that enables compliance with the Prefabricated and Custom Fit section listed in Appendix B - Sections C.9.2 for Upper Limb, Lower Limb, and Spinal Orthoses.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

412) Identify which of the following courses deliver content that enables compliance with the Custom Fabricate and Fit section listed in Appendix B - Sections C.9.3 for Upper Limb, Lower Limb, and Spinal Orthoses. You will be prompted for information about Upper and Lower Limb Prostheses in the next question.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

413) Identify which of the following courses deliver content that enables compliance with the Custom Fabricate and Fit section listed in Appendix B - Sections C.9.3 for Upper Limb and Lower Limb Prostheses. You were already prompted for information about C.9.3 with regard to orthoses in the previous question.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

414) Identify which of the following courses deliver content that enables compliance with the Research Curriculum section listed in Appendix B - Section D.1.0-D.1.7.

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
437) Provide a narrative that describes the minimum expectation for research output that each graduates of the [question("value"), id="56"] program must complete. Describe if the output is performed independently or in a group setting. *

____________________________________________________________________

____________________________________________________________________

438) Is there a capstone/thesis manual provided to students enrolled in the [question("value"), id="56"] program?*

( ) Yes
( ) No

439) Upload a copy of the capstone manual and any other pertinent documentation that enables students to meet Standard D.1 - Research Curriculum. This tool accepts files in PDF format and up to 5 files each up to 10mb in size may be submitted. *

____________________________________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Core Curriculum Guide (Appendix B) - Orthotic & Prosthetic Technician

Please reference the Appendix B version that matches your desired program type. When completing this form using the self-study tool, only a single program type will be presented.

415) Identify which of the following courses deliver content that enables compliance with the Entry-Level Competencies and Basic Science Content listed in Appendix B - Sections A and B

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

416) Identify which of the following courses deliver content that enables compliance with the Foundational Content Areas listed in Appendix B - Section C.1

- Communication
- Modification
- Facility Management
- Functional Anatomy
- Materials, Componentry and Design
- Professional Responsibilities
- Technical Skills

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

417) Identify which of the following courses deliver content that enables compliance with the Foundational Content Areas listed in Appendix B - Sections C.2-C.4

- Initiation of Treatment Plan
- Biomechanics
- Implementation of the Orthotist and/or Prosthetist Treatment Plan

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

418) Identify which of the following courses deliver content that enables compliance with the Foundational Content Areas listed in Appendix B - Sections C.5-C.7

- Follow-Up
- Facility Management
- Professional / Personal Development

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

A list of all courses taught for the orthotic & prosthetic program will be listed in this space when using the actual self-study tool.

419) Identify which of the following courses deliver content that enables compliance with the Orthotic and Prosthetic Technical Services listed in Appendix B - Sections C.8.1-C.8.4 (Orthoses)

- Lower Extremity Orthoses
  - Foot Orthoses
  - UCBL Orthoses
  - AFO
  - KAFO
  - HKAFO / Standing Frames / Parapodiums
  - Knee Orthoses
  - Hip Orthoses
- Upper Extremity Orthoses
  - Hand Orthoses / Wrist Hand Orthoses
  - Elbow Orthoses / Shoulder Elbow Wrist Hand Orthoses
  - Fracture Orthoses
- Spinal Orthoses
  - Lumbosacral Orthoses / Thoracic Lumbosacral Orthoses
  - Cervical Thoracic Lumbosacral Orthoses
- CAD/CAM for Orthotic Applications

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.*

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
420) Identify which of the following courses deliver content that enables compliance with the Orthotic and Prosthetic Technical Services listed in Appendix B - Sections C.8.5-C.8.7 (Prostheses)

- Lower Extremity Prostheses
  - Partial Foot Prostheses
  - Symes Prostheses
  - Transtibial Prostheses
  - Knee Disarticulation Prostheses
  - Transfemoral Prostheses
  - Hip Disarticulation / Hemipelvectomy Prostheses
- Upper Extremity Orthoses
  - Partial Hand / Transradial Prostheses
  - Elbow Disarticulation / Transhumeral Prostheses
- CAD/CAM for Prosthetic Applications

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

421) Identify which of the following courses deliver content that enables compliance with the Practicum Content listed in Appendix B - Section D

Blank fields will likely be present, these are a result of having fewer than 6 courses per session and/or 9 academic sessions throughout the program. Only select options with a course number/title located to the right of the checkbox.

435) Enter the total number of times a student performs comprehensive management (including evaluation, recommendation, implementation, material selection, application of biomechanical principles, fitting/adjustment, troubleshooting, and evaluation of outcomes) with the following custom fabricated orthoses/prostheses

Only enter whole numbers. If comprehensive management is not performed for a specific orthosis/prosthesis please enter zero "0" in the space provided

Functional OR Accomodative FO: ____________________________________________

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
UCBL (Including Carlson Modification):

Shoe Modification - Rocker:

Thermoplastic AFO (Including articulated & non-articulated):

Thermoplastic KAFO (With articulated knee joints):

LSO OR TLSO:

Transradial/Wrist Disarticulation Prosthesis- Anatomical Suspension:

Transradial/Wrist Disarticulation Prosthesis - Harness Suspension:

Transhumeral Prosthesis (Including simulated) - Dual Control Harness:

Patellar Tendon Bearing TT Prosthesis:

Total Surface Bearing TT Prosthesis:

Ischial Containment TF Prosthesis:

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Core Curriculum Guide (Appendix B) - Orthotic / Prosthetic Technician (Continued)

440) For each individual component of Section A: Entry-Level Competencies listed on the left-hand side, identify each course where the specific component is delivered referencing the course titled listed at the top of each column.

| Understand and explain the role of the Orthotic and Prosthetic Technician in providing ethical patient centered care by applying the profession recognized Code of Professional Responsibility in technical support of patients. |
| Practice sound judgment in regard to safety of self and others, and adhere to safety procedures throughout the delivery of orthotic and/or prosthetic care. |
| Demonstrate the knowledge and skills necessary to fabricate, adjust, repair and maintain orthoses and prostheses that are both appropriate (based on the prescription and/or instructions provided by practitioner or employer) and structurally sound for patient use. |

441) For each individual component of Section B: Basic Science listed on the left-hand side, identify each course where the specific component is delivered referencing the course titled listed at the top of each column.

| Biomechanics |
| Materials Science |

442) For each individual component of section C.1 - Foundational Content Areas listed on the left-hand side, identify each course where the specific component is delivered referencing the course titled listed at the top of each column. *

* Please note that fields that appear similar to "[question("value"), id="56"]" are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
Communication

Fabrication/Modification

- Category I - Artifact Modifications
- Category II - Accomodative Modifications
- Category III - Biomechanical Modifications

Facility Management

Functional Anatomy and Medical Terminology

Materials, Componentry and Design

Professional Issues

Technical Skills

443) For each individual component of section C.2 - C.4 listed on the left-hand side, identify each course where the specific component is delivered referencing the course titled listed at the top of each column.

<table>
<thead>
<tr>
<th>C.2.1 Effectively review physical assessment data provided by orthotist and/or prosthetist (e.g., height, weight, activity level, amputation level, diagnoses, measurements, prior orthoses and/or prostheses usage) to determine technical requirements for the orthoses and/or prostheses.</th>
</tr>
</thead>
<tbody>
<tr>
<td>C.2.2 Consultation with orthotist and/or prosthetist to confirm physical assessment data obtained (e.g., patient’s condition/diagnosis, measurements, work order).</td>

**447)** Enter the total number of technical hours a student enrolled in the [question("value"), id="56"] program must complete in a laboratory/manufacturing setting in order to meet graduation requirements*  

_________________________________________________

**448)** Enter the total number of clinical/technical sites that have a formal agreement in place with the [question("value"), id="56"] program at [question("value"), id="99"]*  

_________________________________________________

**449)** Provide at least 2 active agreement documents for the technical/clinical placements using the file upload tool below. _Convert all files to PDF format prior to submission_

**450)** What is the minimum level of autonomy that a student enrolled in the [question("value"), id="56"] program is expected to function at during their final off-campus placement/rotation? *  

( ) Observe  
( ) Assist

*Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.*
451) Provide a narrative about how supervisors/preceptors are vetted and what minimum qualifications they must hold in order to supervise students enrolled in the [question("value"), id="56"] program at [question("value"), id="99"].*

____________________________________________
____________________________________________
____________________________________________
____________________________________________

452) How many times per academic year are supervisors/preceptors provided feedback on their supervision and mentoring as related of students enrolled in the [question("value"), id="56"] program at [question("value"), id="99"]? Only enter a whole number in the field below.*

____________________________________________

453) Do mentors use a standard feedback form/instrument to provide student feedback when they are placed on a clinical/technical rotation? *

( ) Yes ( ) No

454) Upload a copy of any forms used by preceptors-supervisors of students using the upload tool below. This form will accept a maximum of 10 PDF format files up to 10mb in size each. *

455) Provide a narrative about how supervisors/preceptors provide feedback on student performance during their clinical/technical experiences if a standardized tool/instrument is not used. *

____________________________________________
____________________________________________
____________________________________________

456) Upload any additional documents provided to students and supervisors/preceptors of students enrolled in the [question('value'), id='56'] program at [question('value'), id='99'] to support the technical/clinical experience. Examples of documents that would benefit the self-study reviewers include:

Please note that fields that appear similar to “[question("value"), id="56"]” are merge codes used to prepopulate data in the actual self-study document. Common fields include the name of the institution and program type.
• Clinical placement handbook
• Mentor/Supervisor handbook
• Clinical faculty assessment / grading forms
• Learning objectives for a placement/rotation

Convert all files to PDF format prior to submission

457) Enter the total number of times a student performs fabrication of the following custom fabricated orthoses/prostheses

Only enter whole numbers. If fabrication of a specific orthosis/prosthesis, please enter zero "0" in the space provided *
