

NCOPE Annual Report

2020

Improving Lives and Strengthening the Profession Through Education

Chairman's Message

To the Orthotics & Prosthetics Community,

On behalf of the National Commission on Orthotics and Prosthetics Education (NCOPE), I hope this letter finds everyone in good health and spirits. This letter serves as a reflection of the past year and a glimpse into future projects that the volunteer board members and staff at NCOPE are participating in to further the mission statement and our established goals.

This past year was extremely challenging as the nation experienced multiple hurdles and hopefully is on a course to overcome the grips of a global pandemic. On the positive side, out of the ashes of the global shutdown, creative opportunities helped develop new ways to provide education, meetings, and conduct business in the virtual world. NCOPE was no different.

In keeping with the new mission statement, “Improving lives and strengthening the profession through education”, NCOPE with the help of many contributors, developed an incredible video library to help students and residents maintain their educational knowledge. Although the schools opened the campuses for in-person attendance and clinical labs are operating at capacity, we are working to keep the library as a permanent reference to aid in future education.

Helping the schools and residents was not the only challenge for NCOPE, the financial sector experienced severe vacillations that had an effect on every individual and organizations. With the help of intuitive financial advisors and cutbacks on expenses, NCOPE weathered last year and maintained its net worth as can be seen in the annual report.

Following the four NCOPE goals, the organization continues to develop strategies to improve education and clinical experiences for residents. Data collection continues to improve, providing a healthy set of metrics the profession will benefit from for future research projects. NCOPE continues to design innovative techniques for marketing the profession in hopes of

improving the applicant numbers to the schools. Lastly, NCOPE is committed to work with all the sister organizations to attract a more racially and ethnically diverse cohort of students that better reflects the population we serve. NCOPE has designed a new committee specifically to address diversity and inclusion, and there are plans to host a workshop at the fall national meeting to provide a greater understanding for all involved.

In closing, NCOPE is not run by any one person but by a large group of extremely dedicated individuals with a vision of excellence. As Chairman of NCOPE, I am proud to act as liaison and write this letter, however I am thankful for all of the innovative people that make this organization successful. Please take the time to read the annual report for greater detail of the mission of NCOPE and the strategic goals for the future.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tom Karolewski".

Thomas P. Karolewski, CP/L, FAAOP
Chair

Accreditation at a Glance 2020

During 2020, NCOPE performed accreditation and approval services for the following programs and CAAHEP activities. Please note that due to COVID-19, all scheduled site visits were cancelled and will take place virtually in 2021.

Education Programs

Orthotist/Prosthetist Level

California State University	Granted extension of submission of self-study till 2021 for <i>continued</i> accreditation.
Baylor College of Medicine	Awarded <i>continued</i> accreditation CAAHEP. March 2020
Kennesaw State University	Awarded <i>Transfer of Sponsorship</i> from Georgia Institute of Technology to Kennesaw State University. November 2020
Northwestern University	Submission of self-study for <i>continued</i> accreditation. February 2020
University of Hartford	Submission of self-study for <i>continued</i> accreditation. September 2020
University of Pittsburgh	Submission of self-study for <i>continued</i> accreditation. February 2020
Assistant Level	
Request for Accreditation Services	Submission for request of accreditation services. Oakland University in Rochester, MI Fall 2020.

Pedorthic Level

Oklahoma State University/The Robert M. Palmer, MD Institute of Biomechanics, Inc.

Program Closure.
June 30, 2020

Programs

Transition to CAAHEP system in 2021.

Technician Level

Francis Tuttle Technology Center

Awarded *continued* accreditation CAAHEP.
March 2020

Joliet Junior College

Submission of self-study for *continued* accreditation.
September 2020

Oklahoma State University Institute of Technology – Okmulgee

Program Closure
No new cohorts fall 2020.
Program closed June 2021.

Spokane Falls Community College

Submission of self-study for *continued* accreditation.
September 2020

St. Petersburg College

Submission of self-study for *continued* accreditation.
January 2020

Residency Accreditation Report

During 2020, NCOPE performed the following accreditation services:

Residency Sites Information:

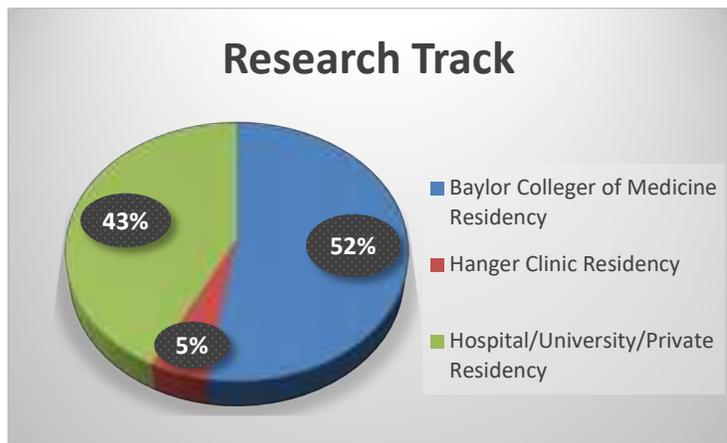

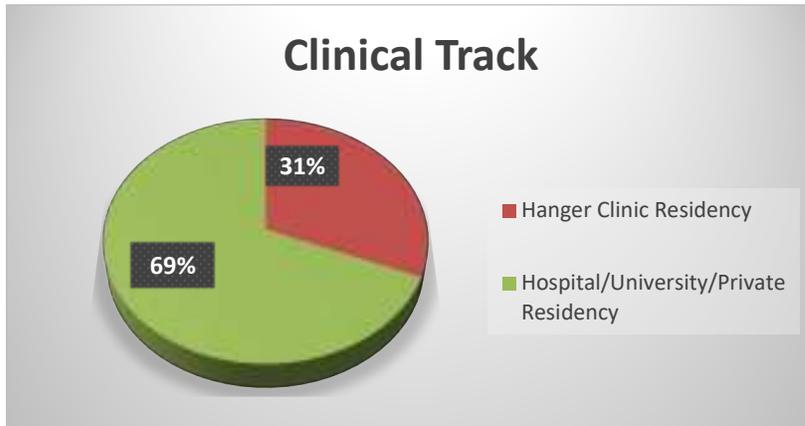

Reviewed and accredited: 172 patient care facilities for Residency Programs

Resident Information Data:

Completed residents in 2020: 319 residents completed in 2020

Program Type: 44 in O&P dual residency program
138 in an Orthotics residency program
137 in a Prosthetics residency program

Program Track: 279 Clinical Track
40 Research Development Track

Reflections on COVID-19 and NCOPE's Response

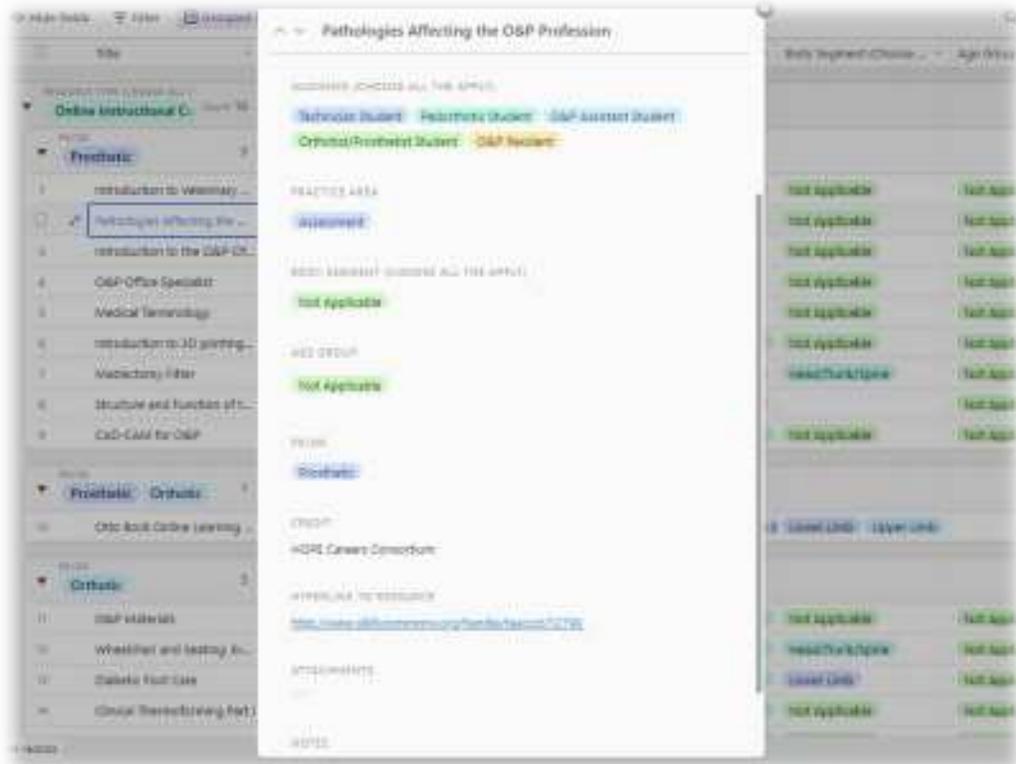

March 2020 and the arrival of COVID-19 became an unprecedented health and economic crisis for our O&P community, our country and our world.

As the O&P profession's accreditation organization, working in cooperation with the Commission on Accreditation of Allied Health Programs (CAAHEP), the NCOPE Board of Directors and staff were resolute in our commitment to respond quickly and as accommodating as possible to our stakeholders. Starting in mid-March, the NCOPE executive committee began meeting once a week to review, discuss, and identify any issues that the educational programs, residency programs, and residents may have been experiencing as well as the impact on our programmatic services.

The NCOPE leaders and staff provided the following resources, tools, and responses:

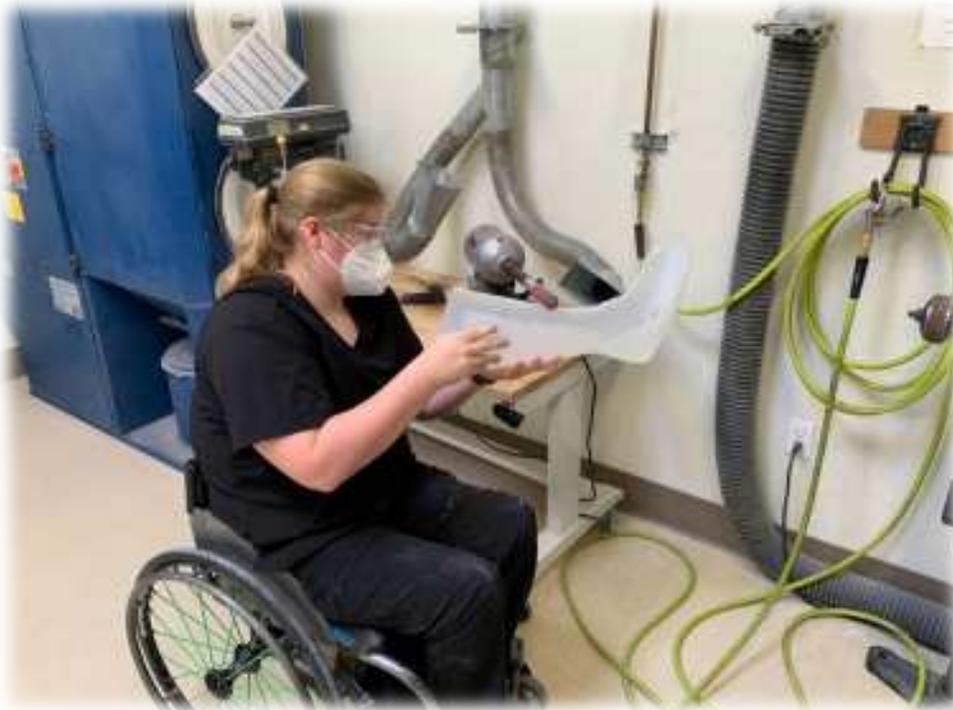

- “We Stand United to Serve” message to the profession from all the O&P sister organizations. [We Stand United To Serve Video](#)
- [Developed and published a Public Statement on COVID-19](#)
- [COVID-19 Guidance for Residents, Residency Directors/Mentors, and Administrators Webpage](#)
 - [COVID-19 FAQ](#)
 - Extended all residency programs expiring in 2020 for 90 days
 - [Hosted ABC & NCOPE COVID-19 Roundtable Discussion - April 17](#)
 - [Developed Residency Program Duration and Experience Calculator](#) – designed to provide an estimation of a residency program end-date for residents experiencing either reduced hours or who lost their position due to COVID-19.
 - Creation of a Residency Resources Database that provided access to O&P educational content, including videos. Individuals are required to register to gain access but the content is available to Resident Directors, Mentors, and Residents. [Online Registration Form.](#)

Screen shot of Resource Library on NCOPE website

- [NCOPE Position Statement on Orthotic, Prosthetic, and Pedorthic Education](#)
- [COVID-19 Guidance for Orthotic, Prosthetic, and Pedorthic Students and Educators](#)
 - Creation of an Educator Resources Database that provides access to O&P educational content, including videos. Individuals required to register to gain access. Available to Faculty from CAAHEP accredited O&P programs. [Online Registration Form](#)
 - Creation of a graduate preparedness form. Completed by the program director, the tool is designed to capture information from academic program faculty to inform residency directors/mentors and future employers on the training and abilities of students who have had their education affected by the COVID-19 pandemic. The goal of this form is to provide input regarding an entire cohort of students affected by COVID-19 and compare/contrast their education to previous cohorts not affected by the pandemic.
